

Introducing the Contour Flex, a trolley engineered to elevate manoeuvrability and represent our most advanced two-part trolley system to date. Its contoured shape, featuring tapered ends and multidirectional wheels, marks a significant leap forward in trolley design and manoeuvrability.

The compact end of the Contour Flex facilitates movement in tight spaces and plays a crucial role in preventing hand trapping incidents. Additionally, this versatile trolley includes a removable Contour Stair Stretcher top, designed to be lightweight and foldable. It comes equipped with our multidirectional tri-wheel configuration, adding further convenience and ensuring seamless navigation during challenging tasks.
