

The integrated and calibrated Weighing Scales measure up to 500kg. To use simply load the coffin handling product or stretcher trolley onto the ramp and you can get an instant weight reading. This allows for the correct number of staff to be present when moving the coffin thereafter. Provides consistent accuracy within 0.1% and comes equipped with an indicator for fast digital read out.

Fixed Bier not included - illustration only

Specification

Ramp

Overall length including ramp - 68" / 172cm

Width - 24" / 58cm
