

Introducing the XL300S, a single-height, easy-loading funeral stretcher that prioritises safe and efficient removal of bodies weighing up to 50 stone. This trolley is engineered for simplicity and reliability, ensuring the utmost care during removal operations.

What sets the XL300S apart is its independent leg operation and folding sidearms, enhancing ease of use and adaptability. With fold-down locking sides that significantly increase the surface area to securely contain body mass, this trolley delivers both safety and practicality.

Furthermore, the XL300S offers the convenience of our optional "easy-out" system, eliminating the need for lifting when exiting your vehicle. It's a trolley designed for professionals who value efficiency and safety in their daily operations.
